I am extremely proud to lead a team that is committed to achieving high standards and providing the very best opportunities for the children in our care. The Staff supported by Coordinators works hard to deliver a rich and challenging curriculum to prepare children for future education and to help them acquire the skills and enthusiasm needed to pursue learning for the rest of their lives.

Our child-centric pedagogy provides equal opportunities for all students to engage, experiment, evolve, innovate and create a great for themselves. We encourage children to love sports art music culture and produce remarkable outcomes. Our goal is to maintain academic standards, achieve high results, infuse value system and discipline among our students.

We focus on the holistic development of learners through a positive, enriching, and safe learning experience. We believe in nurturing children beyond their school years to become life-long learners.

Our program enables children to become independent thinkers. At SCS, we are committed to impart quality education to all children where learning happens with love, respect and fun.

The preparatory stage aims to provide every child with learning opportunities to develop their potential, critical thinking, creativity, unique capabilities, sensitize with life skills, functional literacy, and numeracy in scholastic and co scholastic disciplines.

We emphasize activity-based discovery and interactive classroom learning with a holistic approach to equip students with 21st-century skills.

Our progressive pedagogy helps learners to experience a seamless transition into secondary school and take ownership of their own development.

We aimed our pedagogy to be more experiential and focus to develop conceptual understanding, competencies and character.

© MIDDLE STAGE
